## ANNUAL MEMBERSHIP

The purpose of the Midland Hispanic Chamber of Commerce is to unite Midland businesses and professionals under one organization, directed by the leadership and guidance of an elected policymaking Board of Directors. These individuals will work towards a common goal to bring prosperity and pride to the members of the organization and to the community at large.

### GOALS & OBJECTIVES:

- Promote procurement opportunities for disadvantaged businesses.
- Market Midland as a visitor destination.
- Promote distressed area revitalization through beautification, affordable housing and business micro lending.
- Increase the quality of life by promoting higher education and community and workplace diversity.
- To serve as a focal point for information and awareness pertaining to business and civic related issues, job leads, etc.
- To promote and develop leadership within the membership and recognize outstanding achievements in community and civic affairs.

## MIDLAND HISPANIC CHAMBER OF COMMERCE

### BUSINESS COUNSELING

From starting a business to expansion, the chamber office provides a less intimidating and approachable atmosphere for entrepreneurs who are seeking guidance and encouragement about their business. We prepare these entrepreneurs for their upcoming business challenges such as “do you have what it takes”, to “where to begin”, to “growing challenges”. We also discuss several small business issues such as hiring/retaining employees, cost of providing benefits, business taxes and other challenges of owning a business.

With our recent success in this program, we have seen a dramatic increase number of contacts that have utilized our services. We also avoid duplicating services by partnering with other community programs such as the Midland College BEDC program which provide business plan assistance, seminars, and other counseling services.

### MHCC INCUBATOR PROGRAM

The Midland Hispanic Chamber of Commerce’s Business Development Center offers assistance and provides professional office space and onsite business consultations for early-stage businesses. The Incubator Program utilizes shared resources that lower a company’s overhead while increasing their capacity to succeed long-term. Nationwide, 87% of companies started in incubator programs have gone on to succeed and have remained in business. An average firm’s sales increased by more than 400% from the time they entered until the time they left the incubator program.

The Midland Hispanic Chamber of Commerce is a committed leader of broad-based economic development in the Midland/Odessa area. Our goal is to support the small business community by providing training, management and financial resources, expertise and support networks that enable small businesses to succeed and prosper.
